Agenda Item

Consider approval of a tax abatement agreement for 2400 University Avenue, applicant Old Linco, LLC.
(Director of Planning & Development)

Background & Summary of Request:

In February of 2002 the City Commission created a downtown empowerment zone in accordance with Chapter 378 of the Texas Local Government Code. Chapter 378 authorizes municipalities to create Neighborhood Empowerment Zones and provide tax abatement and other incentives to promote the creation of affordable housing, increase economic development and increase the quality of social services within the designated zone. The City of Marshall offers the following incentives, municipal tax abatement, expedited plan review/development support team assistance, and fee waivers for building permits, tap fees, drive-ways, etc.

The property owner is proposing to construct a new single-family home on the currently vacant property; the home will be approximately 1,529 square feet with a projected construction value of \$80,000. In order to qualify under the Neighborhood Empowerment Zone guidelines for rehabilitation projects, the property owner must invest a minimum of 30% of the base value of the property, which in this case equals \$573.

Old Linco, LLC is requesting the following:

- 1) five year municipal property tax abatement
- 2) expedited plan review/development support team assistance, and
- 3) building permit fee waiver.

If this agreement is approved, the City will abate the property taxes for five years at a 100% for each year and waive building permit and plan review fees; that will cost the city approximately \$2,160 in property tax revenue and \$630.50 in building permit fees, totaling \$2,790.50 for incentives associated with this project. In addition, staff will also provide expedited plan review and development support; however those will be at nominal cost to the City.
