

MEMORANDUM

To: Lisa Agnor, City Manager

From: Jack Redmon, Director of Support Services

Date: August 7, 2015

Subject: Discussion of and consideration of amending the current agreement for litter pick-up and removal within the City to expand the service coverage area

At the July 29, 2015 Special-Called meeting, Commissioner Carter requested that we check into the possibility of amending our current agreement for litter-pick up and removal to expand service coverage. This expansion would encompass South Washington Street, from Pinecrest Drive to Beth Ann Drive. This addition to our current litter control contract would increase mileage by 2.4 miles and pick up another 101 homes, churches, and businesses (not including the subdivision of Oakwood Estates). This additional mileage would increase the cost for litter pick-up and removal by \$200 per month.

My recommendation is that we pay this \$200 fee for additional service coverage, on a month-to-month basis, through the end of the year. The contract is scheduled to renew in January, and could then be amended to reflect the additional coverage area and cost.
