

## Borrowing Titles through your Kindle

Follow the instructions below to borrow Kindle Books and deliver them to your Kindle, Kindle reading app, or Kindle Cloud Reader.

1. Open your library's digital collection website [find it here](#)
2. When the site opens, find a Kindle Book to borrow. You can:
  - Tap or mouse over a title, then select **more** to go to the title's details page. The details page lists the formats available for that title, including Kindle Book (if available).

The screenshot shows the library details page for 'Harry Potter and the Goblet of Fire'. On the left is the book cover with a 'Sample' button below it. The main content area includes the title, author (J.K. Rowling), translator (Mary Grandpré), a 'Borrow' button, a 21-day lending period, a 4-star rating, a synopsis, and an 'Add to Wish List' button. On the right, a sidebar contains social media icons and a list of available formats: 'Kindle Book' (highlighted with a red circle) and 'Adobe EPUB eBook'. Below this are sections for 'Series' (Harry Potter), 'Subjects' (Fantasy, Juvenile Fiction), 'Copies' (Available: 15, Library copies: 15), and 'Levels'.

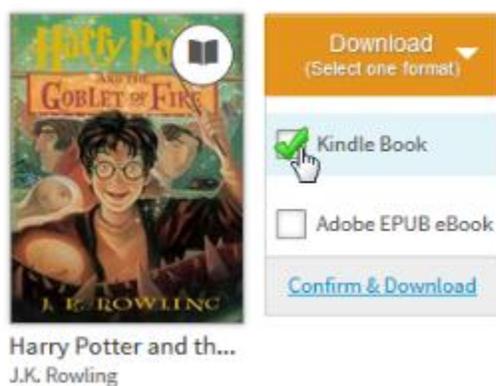

- Run a search, then narrow your results by selecting **Kindle Book** under "Format" on the left-hand side of the page.
- Select **Advanced Search** under the search bar and choose Kindle Book as your format in the search form that opens.  
**Note:** Available titles will display a filled-in format icon in the upper-right corner of their cover. Checked-out titles will display a grayed-out icon.

3. Once you've confirmed that an eBook is available in the Kindle Book format, select **Borrow** to borrow it. If prompted, sign in.

The screenshot shows the book's page on the Kindle app. On the left is the book cover for 'Harry Potter and the Goblet of Fire' by J.K. Rowling. To the right of the cover, the title 'Harry Potter and the Goblet of Fire' is displayed in a large, bold font. Below the title, it says 'Harry Potter Series, Book 4' and 'by J.K. Rowling'. A prominent orange button labeled 'Borrow' is visible, with a hand cursor pointing at it. Below the button, there is a note: 'This title can be borrowed for 21 days. (Change your lending period)'. Underneath this note are five stars, with the first three filled and the last two empty. A short synopsis follows: 'In Harry Potter and the Goblet of Fire, Harry is midway through both his training as a wizard and his coming of age. He wants to get away from the malicious Dursleys and go to the Quidditch World Cup...'. Below the synopsis is a 'More...' link and an 'Add to Wish List' button.

4. Your bookshelf will open, displaying the title(s) you have borrowed. From here, select **Kindle Book** from the **Download** drop-down menu, then **Confirm & Download**. You will be taken to Amazon's website so that you can complete the checkout and send the title to your Kindle device or reading app.

This screenshot shows the download format selection screen. On the left is the book cover for 'Harry Potter and the Goblet of Fire'. To the right of the cover is a dropdown menu titled 'Download (Select one format)'. Two options are listed: 'Kindle Book' with a checked checkbox and a green checkmark icon, and 'Adobe EPUB eBook' with an unchecked checkbox. Below the list is a blue button labeled 'Confirm & Download'. The book title 'Harry Potter and th...' and the author 'J.K. Rowling' are visible at the bottom of the screen.

5. If you are already signed into Amazon, select a device or reading app from the "Deliver to" drop-down box, then select **Get library book**.

The book is sent to your device or reading app, and you'll find it on your Kindle home screen. If you are not signed in, skip to step 6.

**Note:** You must complete this step for the library book to show up in the "Manage Your Content & Devices" list. If the Kindle Book does not appear in this list, you will not be able to download it on any device.

6. If you are not already signed into Amazon, select **Get library book**. You will be prompted to sign in.

7. After signing in, a page will open where you can select the device or reading app for the Kindle Book.

8. Select **Continue** to send the book to your device or reading app.

**Note:** You must complete this step for the library book to show up in the "Manage Your Content & Devices" list on your Amazon account. If the Kindle Book does not appear in this list, you will not be able to download it on any device.

**Thanks, Quinton!**

Your digital library book, **Harry Potter and the Goblet of Fire (Book 4)**, will be delivered the next time Quinton's Optimus G syncs. If you would like to manage your digital titles, go to [Manage Your Content and Devices](#).

Or you can [read now in Kindle Cloud Reader](#) or on other devices using our [Free Kindle Reading Apps](#).

> [Continue shopping the Kindle store](#)

**Note:** Library books require a Wi-Fi connection for download to Kindle devices. If you do not have an available Wi-Fi connection, you will need to transfer the title via USB.

Once a title is on your device or reading app, open it from your Kindle home screen to begin reading. If you want to read the eBook on a different device, you can download it again during the lending period.

If you need additional help, please contact us with your question(s) or set up an appointment.
