

How to install OverDrive's app for Windows 8

1. To install OverDrive's app for Windows 8, simply click or tap the **Store** tile, and search for **OverDrive**.

Note: You can access the search function in the store by pressing **Windows key + Q** or swiping to the left from the right edge of the screen.

If you're using Internet Explorer 10 or 11, you can [install OverDrive directly from Microsoft with this link](#).

This version of OverDrive's app is compatible with Windows RT tablets (like the Surface RT and Surface 2) and Windows 8 devices.

Once you find the OverDrive app, select it then click or tap the **Install** button. After it finishes installing, OverDrive will show up on your Start screen.

If you need help with OverDrive, please contact us with your question(s) or set up an appointment:
