

How to install OverDrive for iOS (iPhone/iPad/iPod touch)

With OverDrive for iOS (iPhone/iPad/iPod touch), you can find and borrow free eBooks, audiobooks, and streaming video from your library's digital collection.

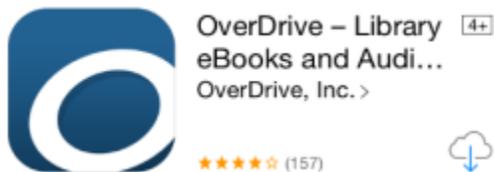

Note: iOS v6.0 or higher is required for the latest version of OverDrive's app.

Option 1: Install OverDrive's app using your device

1. Open the App Store on your iOS device.
2. Enter "OverDrive" in the search box, and tap **Search** on the keyboard.
3. Tap **+Free**, then **Install** next to OverDrive from either the app details or search results screen.

Or, if you've previously downloaded the app, tap the **iCloud download** icon to begin installing the app on your device.

4. Once the OverDrive app finishes installing, tap **+Open** to launch it.

Option 2: Install OverDrive's app using your computer

1. You can download OverDrive for free in the App Store on your computer.
2. Click **View in iTunes** to open iTunes.

3. Click **Free** to download the app.

4. Plug in your iOS device and sync it to iTunes to install the app.
5. OverDrive for iOS is now ready to use.
